M&J METAL

BUILT STRONG. BUILT TO LAST.

WHICH METALWORK? (1 OF 5)

BESPOKE DESIGNS | HIGH QUALITY WORKMANSHIP | SECURE SOLUTIONS

RAILING

Spear-top railings

Upright bars topped with pointed spear finials. A traditional look.

GOOD FOR A classic style that suits older and period properties.

THINK ABOUT The pointed tops are a feature. Ask us whether they suit the spot, for example beside a path.

RAILING

Arrow-top railings

Upright bars with arrow-shaped tops, often spaced along a low boundary railing.

GOOD FOR A traditional boundary look that is not too tall.

THINK ABOUT Check the height and style suit your frontage.

RAILING

Bow-top railings

Low railings with rounded bow tops on the bars.

GOOD FOR A friendly, traditional front garden look.

THINK ABOUT A low boundary. Ask us about height if you need more security.

RAILING

Interlaced arch railings

Upright bars with decorative interlaced arches between the posts.

GOOD FOR A decorative, individual look for terraces and steps.

THINK ABOUT More detail than plain bars, so ask us about cost and fixing.

WHICH METALWORK? (2 OF 5)

BESPOKE DESIGNS | HIGH QUALITY WORKMANSHIP | SECURE SOLUTIONS

RAILING

Ball-finial railings

Upright bars with ball-shaped tops, shown with a matching gate.

GOOD FOR A neat traditional look that matches railings and gates.

THINK ABOUT Ask us if you want a different top style.

RAILING

Circle-detail railings

Plain bars with a circular scroll detail on the top rail.

GOOD FOR Simple, with a small decorative touch.

THINK ABOUT Fixing depends on the steps or wall, so we look at the site first.

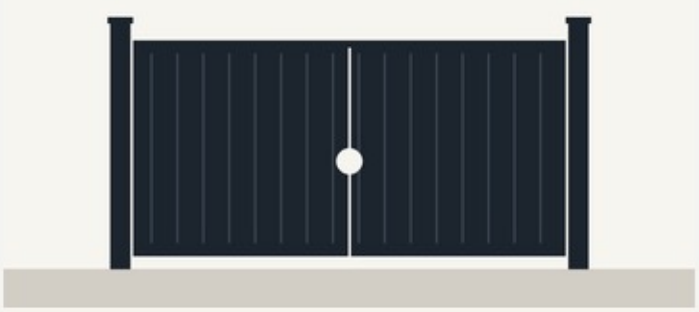

RAILING

Plain bar railings

Straight upright bars between posts, with a rail on top, following the line of steps.

GOOD FOR A clean, simple look that fits most properties.

THINK ABOUT Plain styling. Ask us about options if you want more decoration.

GATE

Solid panel gate

A closed panel gate for side access, with a plain or decorative top.

GOOD FOR Gives privacy and a closed look.

THINK ABOUT Nothing can be seen through it, so no view or light through the gate.

WHICH METALWORK? (3 OF 5)

BESPOKE DESIGNS | HIGH QUALITY WORKMANSHIP | SECURE SOLUTIONS

GATE

Decorative gate

Panel gate with decorative scrollwork and a spear-top edge.

GOOD FOR A traditional look with character.

THINK ABOUT More detail, so more to keep painted over time.

GATE

Open bar gate

Upright bars with gaps between them.

GOOD FOR Light and airy, you can see through it.

THINK ABOUT Less privacy than a solid gate.

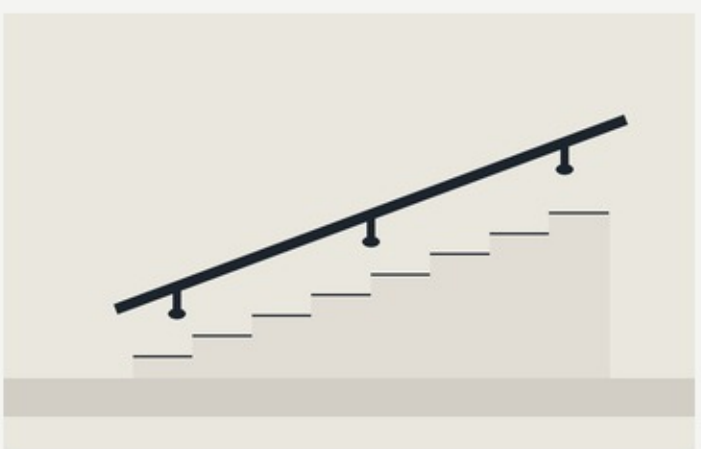

GATE

Arched bar gate

Open bar gate with a curved top.

GOOD FOR A softer, more decorative outline.

THINK ABOUT Made to fit the opening, so ask us about the shape.

HANDRAIL

Wall-mounted handrail

A single round rail fixed to a wall on brackets, usually beside steps.

GOOD FOR Simple, easy to hold and neat on a wall.

THINK ABOUT Needs a solid wall to fix to.

M&J METAL

BUILT STRONG. BUILT TO LAST.

WHICH METALWORK? (4 OF 5)

BESPOKE DESIGNS | HIGH QUALITY WORKMANSHIP | SECURE SOLUTIONS

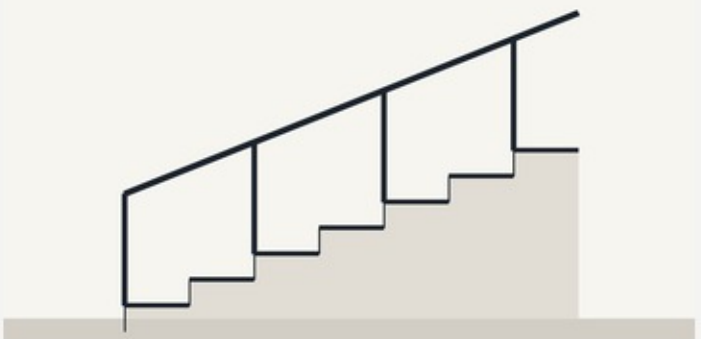

HANDRAIL

Post-mounted handrail

A single rail on posts alongside a path or ramp. No spindles.

GOOD FOR Gives support where there is no wall.

THINK ABOUT Posts need fixing into the ground or surface.

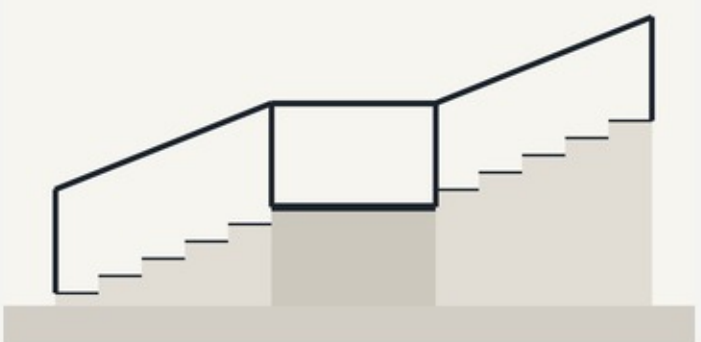

STAIRCASE

Straight staircase

A single straight flight from bottom to top.

GOOD FOR A simple, direct route up.

THINK ABOUT Needs room for the whole flight. We measure on site.

STAIRCASE

Staircase with landing

Two flights joined by a flat landing, so the stair can turn or break up the climb.

GOOD FOR Suits spaces where the stair has to change direction.

THINK ABOUT Needs floor space for the landing.

BALUSTRADE

Stair balustrade

A rail and spindles that follow the slope of the stairs.

GOOD FOR Keeps a stair edge safe and tidy.

THINK ABOUT We check heights and gaps for your property first.

WHICH METALWORK? (5 OF 5)

BESPOKE DESIGNS | HIGH QUALITY WORKMANSHIP | SECURE SOLUTIONS

BALUSTRADE

Landing balustrade

A level balustrade along a landing or the open edge of a floor.

GOOD FOR Closes an open edge at the top of the stairs.

THINK ABOUT We check heights and gaps for your property first.

BALUSTRADE

Balcony balustrade

A balustrade along the edge of a balcony or terrace.

GOOD FOR Keeps the edge safe and matches your railings.

THINK ABOUT Fixing depends on the edge. Send us a photo.

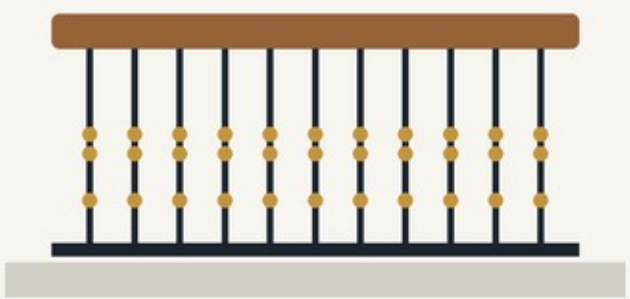

BALUSTRADE SPINDLES

Plain bar spindles

Straight round or square bars between the top and bottom rails.

GOOD FOR A clean, simple look.

THINK ABOUT Plain styling. Ask us about other options.

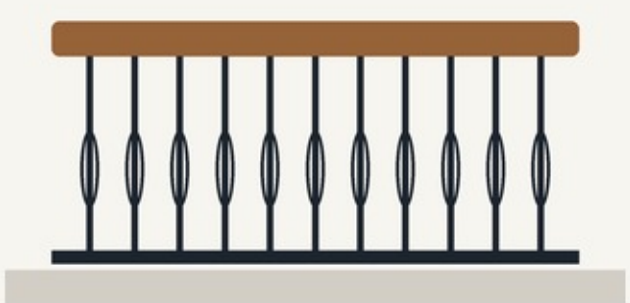

BALUSTRADE SPINDLES

Collared spindles

Straight bars with decorative collars, as in the black and gold photos.

GOOD FOR A decorative touch with a classic feel indoors.

THINK ABOUT More detail than plain bars. Ask us about cost.

BALUSTRADE SPINDLES

Oval-detail spindles

Upright bars with an oval or loop detail in each bar.

GOOD FOR A distinctive, elegant look.

THINK ABOUT More to make than plain bars. Ask us about cost.

STAIRCASE & BALUSTRADE STYLES

BESPOKE DESIGNS | HIGH QUALITY WORKMANSHIP | SECURE SOLUTIONS

STAIRCASE

Straight staircase

A single straight flight from bottom to top, with posts, spindles and a handrail that follow the stairs.

GOOD FOR A simple, direct route up. Easy to read and to fit.

THINK ABOUT Needs room for the whole flight. We measure on site.

STAIRCASE

Quarter-turn staircase with landing

Two flights joined by a flat landing, with the second flight turning to one side.

GOOD FOR Suits a stair that needs to change direction around a corner.

THINK ABOUT Needs floor space for the landing. We check the layout first.

STAIRCASE

Half-turn staircase with landing

Two flights side by side joined by a landing, so the stair turns back on itself.

GOOD FOR Fits a long climb into a smaller footprint.

THINK ABOUT The balustrade and handrail run round the landing. Send us a plan or photo.

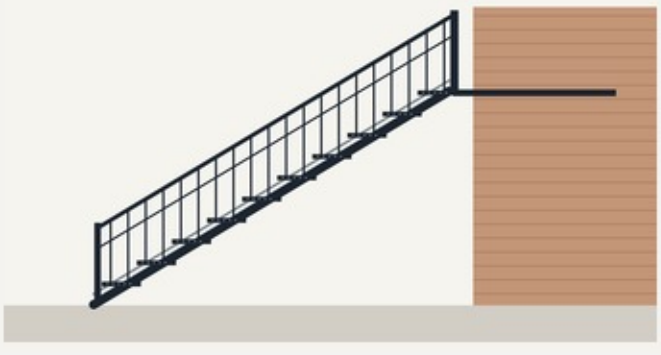

BALUSTRADE

Curved balustrade

Metal bars and a handrail that follow a curved edge, such as a landing or balcony.

GOOD FOR A flowing line where the edge itself curves.

THINK ABOUT Made to your curve, so we need to see the edge first.

STAIRCASE

Open-tread steel staircase

A steel stair with open treads and a balustrade, often fitted outside against a wall.

GOOD FOR Strong and practical for outside stairs and fire escapes.

THINK ABOUT Open treads suit outside use. Ask us about your site.

| BUILT STRONG. BUILT TO LAST. |

HANDRAIL & SPINDLE STYLES

BESPOKE DESIGNS | HIGH QUALITY WORKMANSHIP | SECURE SOLUTIONS

HANDRAIL STYLE

Scroll-end handrail

A round rail on posts, finished with a decorative curl at the end.

GOOD FOR A traditional touch for a front step or porch.

THINK ABOUT The curl is a feature. Ask us how it suits your steps.

HANDRAIL STYLE

Returned-end wall handrail

A rail on wall brackets whose end turns back to the wall.

GOOD FOR A neat finish with no loose end sticking out.

THINK ABOUT Needs a solid wall to fix to. Ask us about your wall.

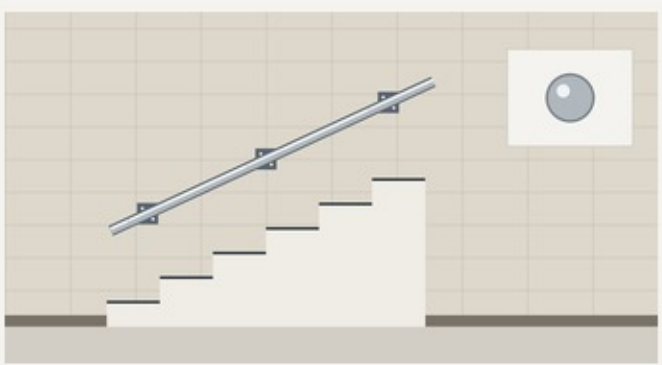

HANDRAIL STYLE

Timber-topped handrail

A timber handrail on metal posts and spindles.

GOOD FOR Warm to the touch, and a good match for timber stairs.

THINK ABOUT Timber needs a little more care over time than metal.

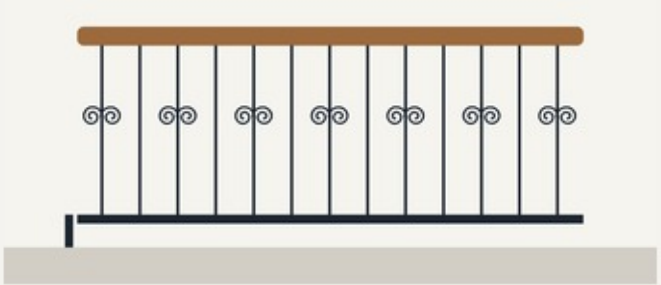

HANDRAIL STYLE

Stainless steel handrail

A plain round stainless steel rail fixed to the wall on brackets.

GOOD FOR A clean, modern look beside stone or tile.

THINK ABOUT A different finish to painted steel. Ask us about the options.

BALUSTRADE SPINDLES

Scroll-detail spindles

Straight bars with small scroll details, under a timber handrail.

GOOD FOR A decorative, traditional look.

THINK ABOUT More detail than plain bars, so ask us about cost.

M&J METAL

BUILT STRONG. BUILT TO LAST.

DRIVEWAY GATES & WINDOW GRILLES

BESPOKE DESIGNS | HIGH QUALITY WORKMANSHIP | SECURE SOLUTIONS

DRIVEWAY GATE

Double swing gates

Two gate leaves that open from the middle, hung on pillars or posts.

GOOD FOR A traditional driveway entrance with wide access.

THINK ABOUT Needs clear space to swing open. Ask us about opening direction and locks.

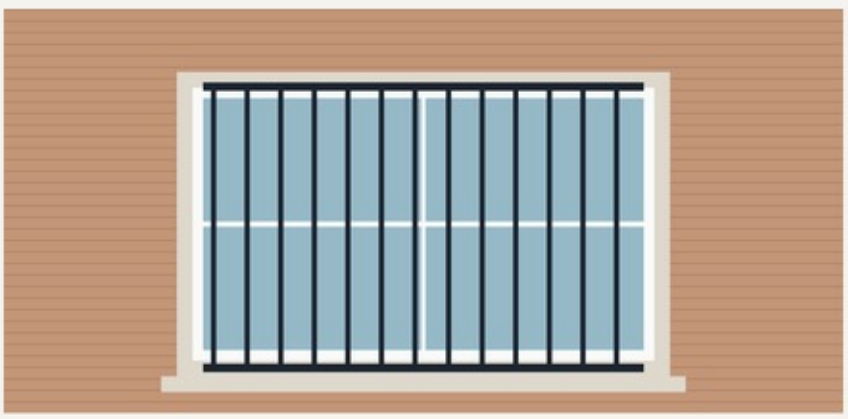

DRIVEWAY GATE

Sliding gate

One gate panel that slides sideways along a track. It can be opened by hand or with an automatic opener.

GOOD FOR Saves space where there is no room to swing.

THINK ABOUT Needs clear wall or fence space beside the opening.

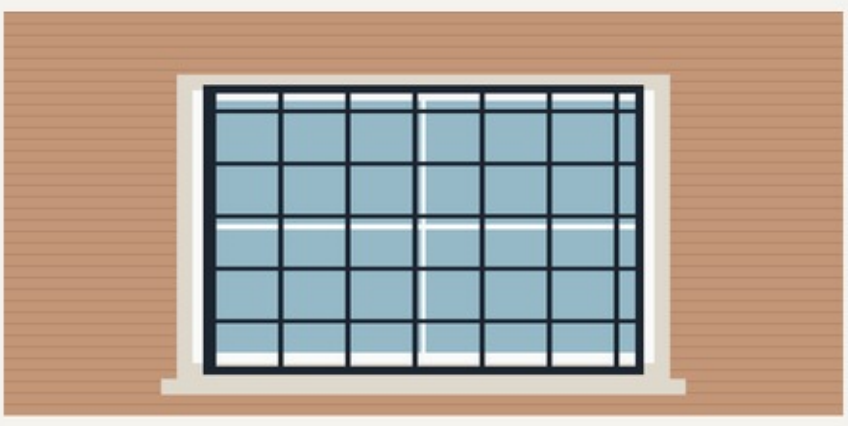

WINDOW GRILLE

Bar window grille

Upright bars fixed across the window opening.

GOOD FOR A simple, secure look.

THINK ABOUT Ask us about fixing and whether the window must still open.

WINDOW GRILLE

Lattice window grille

Upright and horizontal bars forming a square pattern.

GOOD FOR More decorative, with smaller gaps.

THINK ABOUT More bars to paint and clean. Ask us about the pattern.

M&J METAL

| BUILT STRONG. BUILT TO LAST. |

FIRE ESCAPES & GRATING

BESPOKE DESIGNS | HIGH QUALITY WORKMANSHIP | SECURE SOLUTIONS

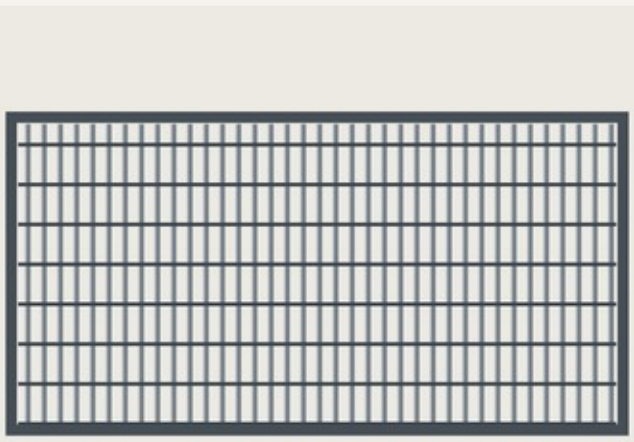

FIRE ESCAPE

External steel fire escape stair

A steel stair with landings and handrails, fixed to the outside of a building.

GOOD FOR A route out from upper floors.

THINK ABOUT Fire escape rules depend on the building. We talk this through with you.

GRATING

Steel grating

Flat bars and cross rods forming an open panel, for floors, drains and covers.

GOOD FOR Strong and open, so water and light pass through.

THINK ABOUT Ask us about the bar spacing and the load it must carry.

Seen a design you like?

Send us a photo, sketch or drawing and we'll discuss making it for your space.

Drawings show style examples. We confirm what suits your job.
